There are some you can't control... you shouldn't be one of them.

Introducing the New Eclipse 7 O-PCM Transmitter and O-PCM Receiver
Up to twice as fast as anything else!

Hitec's new O-PCM version of the popular Eclipse 7 radio performs up to twice as fast as any other PCM signal for standard transmitter and receiver sets. Matched with Hitec's digital servo, you'll get a digital response rate advantage you can't get anywhere else!

For the ultimate in control, by combining the Eclipse 7 O-PCM with our Spectre frequency synthesizer and 16 in all 16 channels.

Get what you want. Get Hitec.
Performance. Reliability. Innovation. Service.

Hitec O-PCM Transmitter with 7 Ch. WFO-07000 O-PCM Receiver Part #E70702

12115 Paine St., Fresno, CA 93704 | Phone 559-261-1111

Thinking from "outside-the-box" comes inside this one.
